

Change Management Workshop

If you are a manager, supervisor or team leader responsible for implementing change in your workplace, then this one-day practical workshop is for you.

TOPICS COVERED INCLUDE:

- Understanding drivers of change in business
- The role of the leader in the change process
- Strategies for dealing with resistance to change
- Practical tools to communicate change

This full day program provides you and your team with an understanding of the change process and change management techniques so that you can confidently and effectively introduce change to your workplace.

This program focuses on the key aspects that will assist you to develop the skills and techniques to be able to assist your team to deal with change.

Previous participants have said:

"Before this workshop I struggled to comprehend why people didn't just accept change and get on with it. Participating in this workshop has helped me find ways to make it easier for my staff to understand the need for change and cope with it as it's being introduced."

Mick H, Production Supervisor

This training can be delivered to your team on your site.

Program investment: from \$3600.00 (ex GST)
(for up to 15 participants in one workshop group)
